

Chocolatier[®]
AUSTRALIA

2023

OUR STORY

Since 1985, our family has been making European-style pralines and hand-moulded chocolates, with love, right here in Australia. As we honed our craft and refined our skills, our children also joined us. In a built-for-purpose facility in Melbourne, with our collected family of chocolatiers, we create premium quality, luxurious chocolates using the finest ingredients.

In 2005, we moved the business into a multi-million-dollar purpose-built factory and warehousing facility in Heidelberg West just 3km from our original Ivanhoe factory.

Even though Chocolatier Australia has grown considerably in 30 years, we have never lost sight of the art of fine chocolate making. We constantly strive to manufacture the very best products we can, using ethically sourced cocoa, the best ingredients, and state of the art equipment.

OUR MISSION FROM DAY ONE:

To manufacture premium chocolates using the world's finest ingredients, backed by outstanding customer service.

We are still making our chocolates, still proudly Australian owned, and still as passionate as ever about creating the best chocolates in Australia.
